

# Ethiopian Flood-Based Livelihood: Farmers Network Extension Frame Work

# Policy

- The last 10 years our government was implementing
  - **1 to 5 Network** policy in farmer level and
  - Development groups
  - Co-operatives and Associations
- it aims for two purposes
  1. Soil and Water conservation
    - Registered
    - They have 30 days free voluntary labour
  2. Agricultural Extension
    - model farmer to 4 neighbour farmers

# Seasonal Agendas/Activities of the 1 to 5 networks

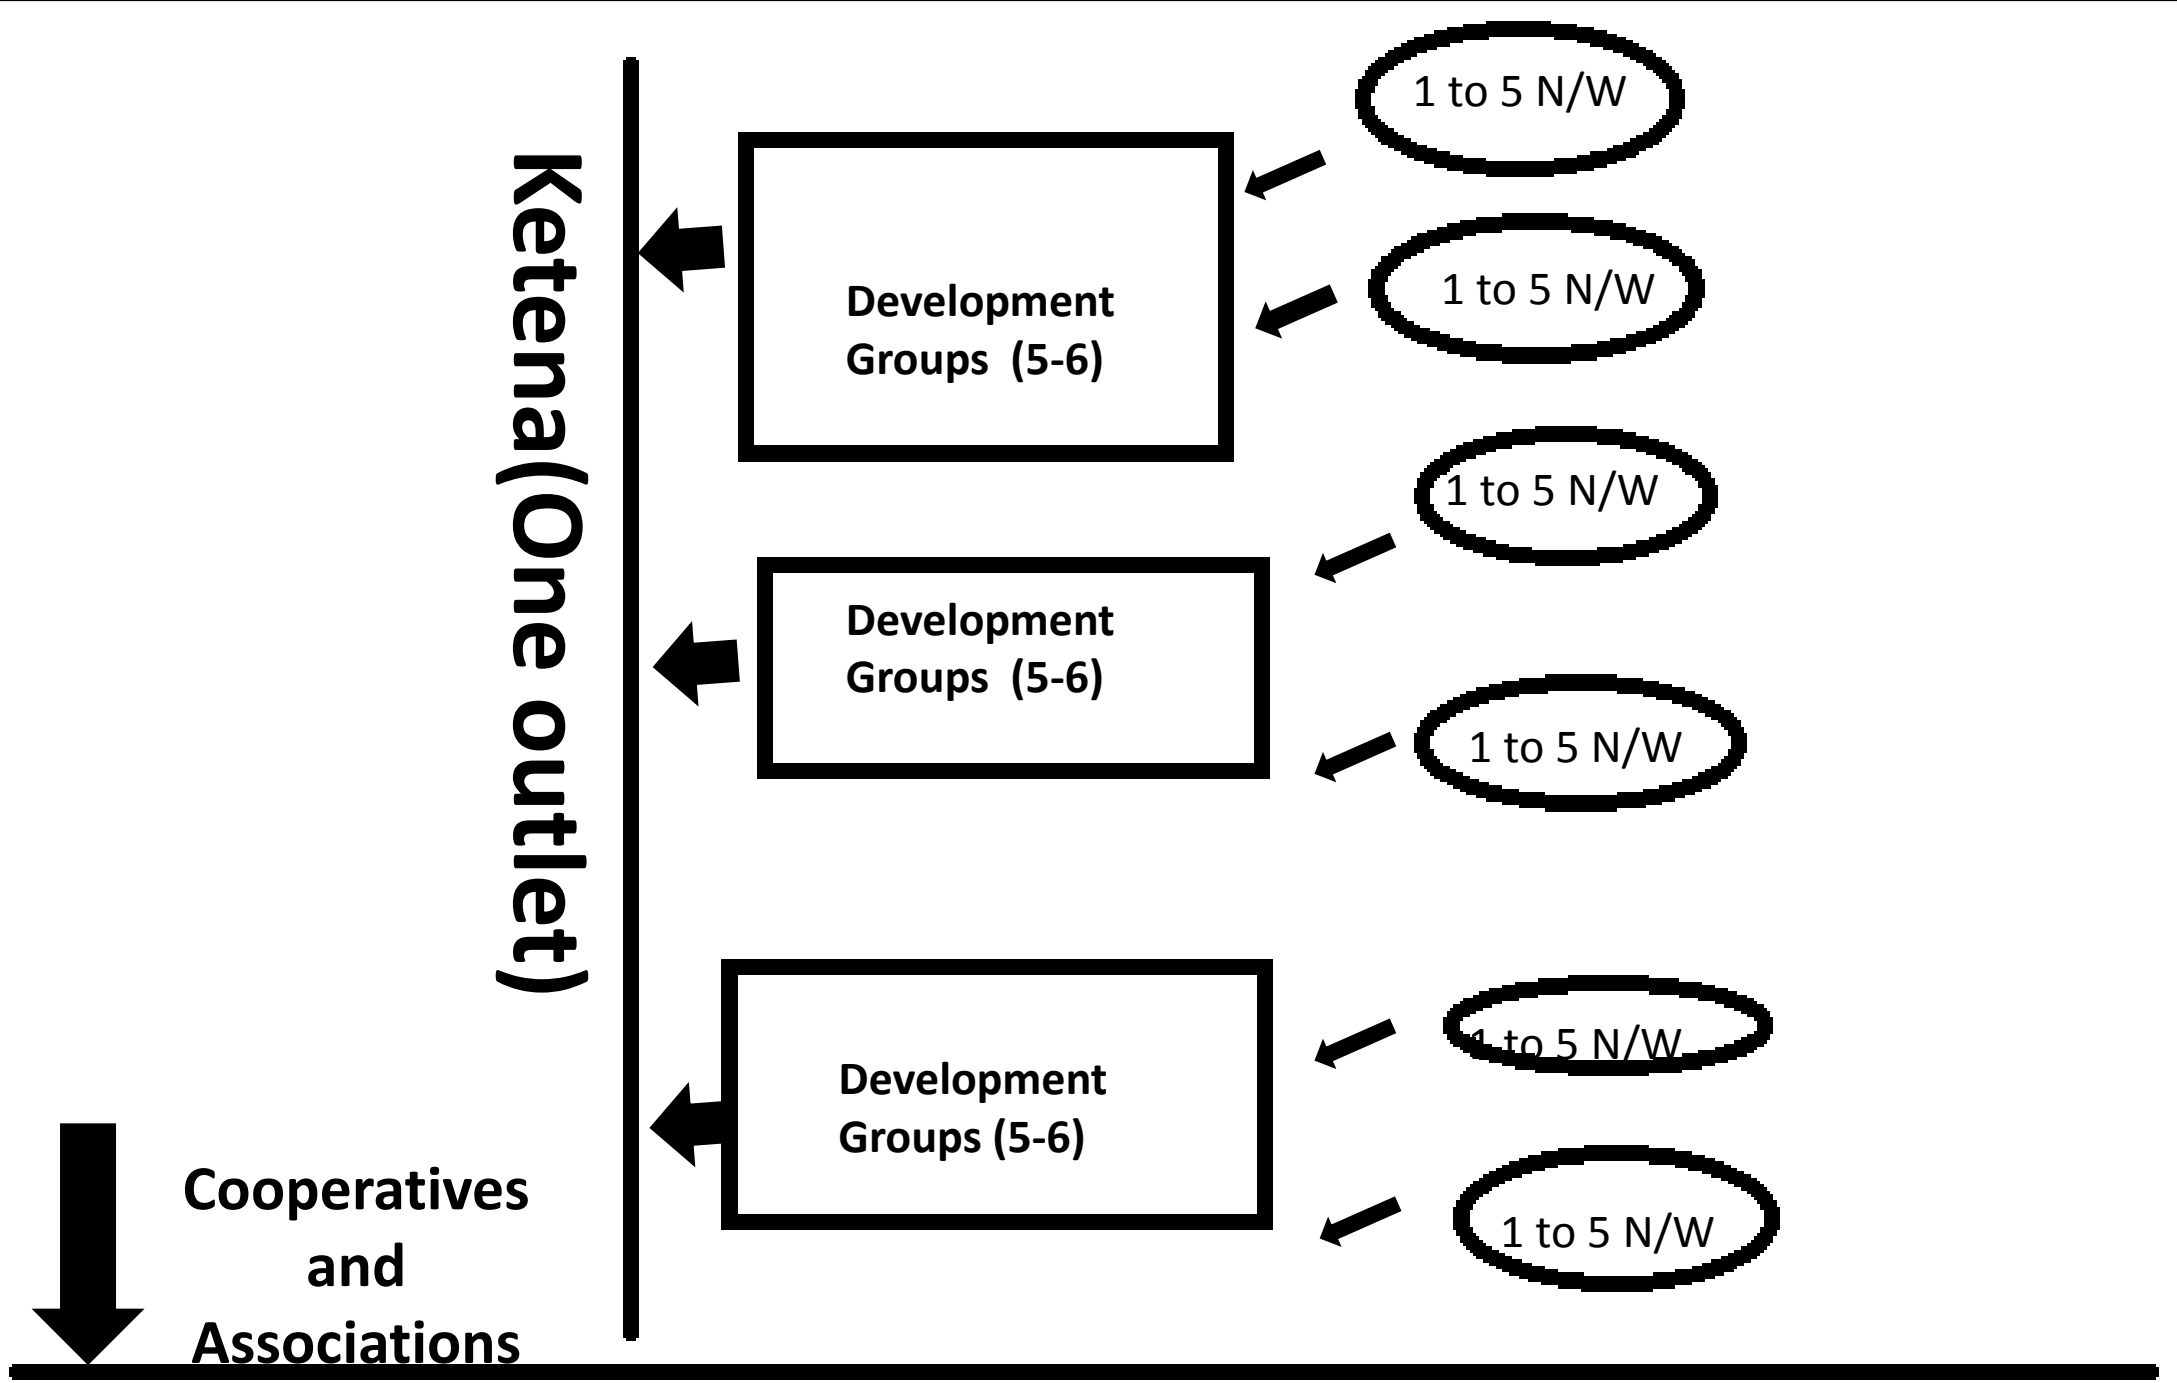

- Land preparation
- Input supply
- Crop protection
- Post harvesting
- FBF in specific places
  - Carding system (Red coloured flags will be put for farmers who didn't work on their farm)
-

# Development Group

- Base on the hydrological output
- 5-6 one to five networks in one
- Competitions between networks

# Co-operatives and Associations(WUA)

- Based on the catchment or hydrological outlet
- Marketing
- Cluster cropping
- Input demand
